CAREER OVERVIEW

Charlotte Spires has been employed as a forensic biologist and DNA expert since 1996 and joined Keith Borer Consultants in 2025.

She was a senior DNA Analyst at LGC Ltd and then a senior forensic scientist at the Forensic Science Service until its closure in 2011.

Charlotte was then employed by a private forensic consultancy for 13 years before joining Keith Borer Consultants.

EXPERIENCE AND EXPERTISE

Charlotte Spires is experienced in the investigation and reporting of a wide range of biology cases, including murder, sexual assault and theft. She has written hundreds of reports and statements and attended court on numerous occasions to advise counsel and give expert evidence.

Over her 30 years in forensic science Charlotte has delivered forensic workshops and training to a wide variety of individuals. She has also been a guest lecturer at Anglia Ruskin University.

She undertakes regular training and development in the field of forensic biology, including attending conferences.
